

## Multiple Choice

There was a time when March Monroe thought that she and her daughter, Olivia, would never really cut the cord. Theyd just upgrade to a wireless connection. Now, Olivia is heading off to college, and March hasnt even told her that shes decided to continue her own higher education. So its hard to say whos more shocked when they run into each other at a local radio station where, it turns out, theyre both student interns. Adding to the fireworks are a 14-year-old son who probably wont be speaking to March for much longer, a slightly tired marriage, a midlife crush, and a quantum-physics class that just might put March over the edge. This new novel from the author of *Must Love Dogs* is an effervescent story of family life that will strike a chord with women of all ages. Required reading!

Multiple Choice questions can be an effective assesment tool. The learner is given immediate performance feedback. The H5P Multiple Choice Multiple Choice is a simple closed-ended question type that lets respondents select one answer from a defined list of choices.
