

Betsey Brown: A Novel

Praised as exuberantly engaging by the Los Angeles Times and a beautiful, beautiful piece of writing by the Houston Post, acclaimed artist Ntozake Shange brings to life the story of a young girl awakening amidst her country's seismic growing pains. Set in St. Louis in 1957, the year of the Little Rock Nine, Shange's story reveals the prismatic effect of racism on an American child and her family. Seamlessly woven into this masterful portrait of an extended family is the story of Betsey's adolescence, the rush of first romance, and the sobering responsibilities of approaching adulthood.

eNotes plot summaries cover all the significant action of *Betsey Brown*. The novel, as a bildungsroman, traces Betsey's progressive awareness of herself and her family's experience with integration.
