

## Strength & Courage (The Night Horde SoCal Book 1)

The only constant is change. The Night Horde SoCal is the new charter of the Night Horde MC, one that rose up from the ashes of a violent war with a drug cartel. The Hordes outlaw days ended with that war. Muse, like many of his SoCal brothers, was a member of an MC that was destroyed in that fight. A former Nomad enforcer, he struggled to be settled in a straight life. But Southern California is his home, his family is now Horde, and he has responsibilities. So he keeps his head down and does his best to take care of his family and responsibilities. Sidonie has recently moved to Madrone, the town where the Night Horde SoCal has set up its base, to begin her job as a social worker for San Bernardino County. In her work she feels a sense of mission to do. Muse and Sid meet under stressful circumstances, on opposite sides of a dilemma. When Muse tries to bring her to his side, a fire catches between them. As their feelings for each other deepen, the work of the SoCal charter becomes dangerous again. But the club isn't the only potential danger for Sid. Her own work carries risk, too. Muse needs to keep her safe. Sid needs to stand on her own. They won't have a future together until they find the place where those needs merge and make them stronger. Strength & Courage is the first book in the Night Horde SoCal series. Though this series, and thus its backstory, spins off from the Signal Bend Series, and though key characters from that series appear here, this focus is on the SoCal charter. If you haven't been to Signal Bend yet, you won't be lost in Madrone. Note: explicit sex & violence.
