

Canadas East Coast / UK-Version: Pictures from Canadas East Coast and Atlantic Region, from the Maritime Provinces Nova Scotia and New Brunswick (Calvendo Places)

Eastern Canada is generally considered to be the eastern coastal region of Canada and the two southern Maritime Provinces are New Brunswick and Nova Scotia. These provinces are characterized by rough coasts, fishing villages and the influence of the French and British colonial periods. The calendar shows coastal regions formed by the tidal power of the Atlantic Ocean, typical small fishing villages and lighthouses along the coast, and some impressions from the few bigger cities. The pictures in this calendar give an impression of these Maritime Provinces in the eastern coastal region of Canada, and they are suitable for planning and preparing a visit in Nova Scotia and New Brunswick. Calvendo calendars are premium products - a bit more pricey than others but with added benefits: Our calendars always look beautiful on your wall because we produce them locally with premium paper and sophisticated spiral binding, ensuring easy turning of pages and flat hanging against the wall. A protective transparent plastic cover sheet provides added stability and each calendar comes in five languages. Treat yourself to a Calvendo calendar and you get something that looks better all year round.
