

Little Lord Fauntleroy - The Original Classic Edition

Little Lord Fauntleroy stirred my emotions. Would I have let my seven-year-old live with his ill-tempered grandfather who despised me? Probably not! Yet as the story unfolded, I admired the wise words and kind ways of Fauntleroy's mother, Dearest. I empathized with the mother's caring for her only child and her concern for the poor and less fortunate. This book renewed my faith in goodness and kindness. It made me reflect on all that I have. When the Earl of Fauntleroy decides to bring his favourite son's son to England from America, young Cedric's life is dramatically changed forever. With an ever-innocent and trusting perspective on life he manages to turn his bitter grandfather into a loving, generous man while also endearing himself to every other person he comes in contact with. The story of little Cedric who warms his old grandfather's heart is beautifully written and quite touching. There is also a lesson to be learned, as we watch what Cedric does with his newfound wealth. What would you do if you were suddenly gifted with such a fortune? This story is perfect for anyone who enjoyed *A Little Princess* or *The Secret Garden*!
