A scotch-swilling DUI attorney, a cynical congressional staffer, and a retired bomb-sniffing German Shepherd are just some of the characters Chuck Wesson meets after he takes a travel assignment from his new boss, mysterious Silicon Valley entrepreneur Axel DeWilde. Chuck has been sent on a flight from San Francisco to Boston in order to demonstrate the Crimson Shamrock, a breakthrough portable communication device code-named the RedClove. However, Chuck begins to suspect that all is not as it seems after a robber tries to steal the device at the airport, and his flight later has to be diverted to the Twin Cities after a threat is made. After his meeting is relocated to the D.C. suburbs and does not go according to plan, Chuck flies back to California to discover who and what are behind his travails.
