Plucked from their ordinary lives and given extraordinary powers, they're the only thing standing between us and destruction. In Episode Four, Miles is reluctantly settling into his new life as a Realm Keeper. But despite knowing what's at stake, he finds himself unable to lose his hold on his life on True Earth. But the war continues whether Miles fights it or not. Will his hesitation cost the other Realm Keepers their lives? This is the fourth episode of Realm Keepers. Each volume consists of six regular episodes, and a Finale that is three times the length (and price) of a single episode, told from the perspective of all six kids.??? Well written... I thought the quality of prose was very well done. Ray Nicholson, Amazon Top 1,000 Reviewer??? This first episode is a great start to a YA Fantasy series that even adults can enjoy... Well written, interesting characters, promising premise. Eric Guindon, The Siege Perilous Podcast??? It's clear the writers put a lot of effort into developing each personality early on. The story line is still gripping. It moves, but it doesn't move so fast that you feel it's unrealistic... Needless to say, I'm a fan. On to the next one. Heather, Amazon Reviewer The adventure in Midrealm continues. Add it to your cart now!
